Located just outside the Georgian capital and perched near the foot of the Caucasus Mountains, Tbilisi Hills will open in the summer of 2018.

The parkland layout is designed by Tilander Golf Design, responsible for the production of 20 golf courses across five countries in Europe, including Estonian Golf & Country Club, also part of the European Tour Properties network.

From the back tees, the course measures 6,223 meters or 6,806 yards. The Tbilisi Hills project will expand beyond just the golf course, with a hotel, leisure facilities and hundreds of luxurious homes planned on the stunning hillside real estate.

## FINCA CORTESIN CELEBRATES NEW DOUBLE HONOUR

For the second year running the deluxe resort in Andalusia was named ‘Best Golf Resort in Europe’ by users of the respected website [Leadingcourses.com](http://Leadingcourses.com), with voters giving unanimous approval to the venue’s decision to become the first course in Spain to relay its greens with a new variety of Bermuda grass last summer.

Voted for by golfers and resort visitors, venues were marked out of 10 for the quality of their hotel and golf facilities, with Finca Cortesin scoring an impressive average rating of 9.3. The resort had further reason to celebrate after also being awarded the European Tour Properties Award for Best Staff Operation in 2017. Results were taken from

European Tour Properties ‘Mystery Shopper’ initiative, with criteria based on detailed guest feedback on reservation of tee times, shop presentation, visibility of course marshals, payment information, food presentation and data capture.

These recent accolades follow a memorable 2017 for Finca Cortesin which included the resort winning the 2018 IAGTO Sustainability Award for Resource Efficiency for its new greens project.

The Resort’s facilities include a 67-suite hotel; an 18-hole championship golf course; a 6,000sqm Beach Club; a luxury spa featuring Spain’s only snow cave, and the choice of four restaurants.

## SHOT CLOCK MASTERS AT DIAMOND COUNTRY CLUB, AUSTRIA

The whole golfing world is looking at Diamond Country Club the Host Venue of the Shot Clock Masters from June 7 - 10, 2018 the first tournament in professional golf to use a shot clock on every shot.

At the Shot Clock Masters, previously called the Lyonesse Open, players are put on the clock on every shot. The first player in the group has 50 seconds to play his shot and the following players 40 seconds to play theirs. Any breach of this time frame incurs a one shot penalty per violation. This rule reduces the overall length of each tournament by 40 minutes.

Take your own stage and test your skills on the Diamond Course.

## REAL ESTATE AT TROIA RESORT

João Paciência is one of the architects behind properties available in Troia Resort. João was asked what he believes sets Troia Resort apart from other tourist developments...

"It's prime location on the peninsula between the River Sado and the Atlantic with the outline of Arrábida, hills to the north, producing a natural barrier against the dominant winds, and at the same time a natural backdrop of great beauty.

In addition to these natural factors is the close proximity and easy access to the southern section of Greater Lisbon and its relationship with the city of Setúbal in the north and the pull of the Alentejo in the south, including the towns of Alcácer do Sal and Grândola.

With huge sandy stretches and clear water, established developments such as Soltróia and Comporta with good restaurants and golf, the resort has a lot to offer."
