## Explore Emirates Golf Club

Established in 1988, Emirates Golf Club was the first grass course in the region. Through its premier facilities including the Majlis and Faldo Courses and the Peter Cowen Academy Dubai, Emirates Golf Club remains at the very forefront of golfing development in the region

to this day. Through its mix of casual & fine-dining restaurants, and a comprehensive swimming, fitness, tennis & padel tennis facilities, Emirates Golf Club is an all-encompassing leisure hub.

The flagship course at Emirates Golf Club, and host to the Dubai Desert Classic, the Majlis Course is a challenging par 72 layout. Designed by Karl Litten, the original 18 holes were built in and around the dunes of a beautiful site on the edge of the city of Dubai, generously donated by His Highness Sheikh Mohammed bin Rashid Al Maktoum, on whose instructions the desert flora was maintained in its natural state. The Majlis course has developed a worthy reputation worldwide as a testing layout for even the best golfers. The course features hundreds of indigenous species of flora and fauna, beautifully complemented by meandering fairways and seven fresh saltwater lakes. The Majlis, the first grass course in the Middle East, takes its name from the Arabic

word for 'meeting place'. One of the most prominent features on the course is the Majlis building itself, positioned between the 8th and 9th holes, a Dubai landmark since 1988.

The club's second championship golf course, 'The Faldo' was redesigned in 2005 by golf legend and six-time major winner Nick Faldo. The course now combines a stunning visual design with the nuances and challenges of any championship course in just the right measure, providing guests with an exceptionally enjoyable golfing experience. The Faldo is the first 18 hole golf course in the region to offer 'Night Golf', ensuring golfers can enjoy the game all year around.

## Seek out Dubai Creek

Founded in 1993, Dubai Creek Golf & Yacht Club offers a broad and inviting, five star leisure experience set in the heart of Dubai. Alongside its 18-hole Championship Course & Par 3 Course, it boasts a state-of-the-art academy and beautiful restaurants within its iconic sail-shaped clubhouse & idyllic creek-side setting.

The Championship Course at Dubai Creek proudly hosted the Dubai Desert Clas-

sic in 1999 and 2000, and is a memorable journey from the first tee to the 18th green. Redesigned by winning Ryder Cup Captain Thomas Bjorn in 2004, the superbly manicured fairways are undulating, demarcated by mounds, date and palm trees, and most other times by water. Apart from the Creek, which comes into play on at least four holes, several artificial lakes add to the beauty and difficulty of various other holes. The course sets up for a thrilling finale to a round with its two iconic par 4 closing holes - the 17th and 18th have the Creek guarding the entire left side of the fairway.

Located in Dubai Creek Golf & Yacht Club on the banks of the majestic Dubai Creek, Park Hyatt Dubai provides an idyllic setting for a luxury getaway. From an inspired as-

sortment of award-winning restaurants to a luxury destination spa, every moment at Park Hyatt Dubai is meticulously curated to ensure a sophisticated, enriching, and uncommon experience.

# Finca Cortesin enjoys major rise in new European golf rankings

**F**inca Cortesin Hotel, Golf & Spa's decision to become the first course in Spain to relay its greens with a new variety of Bermuda grass has received a glowing endorsement after the exclusive resort moved into the top 10 of Golf World magazine's updated rankings list of the 'Top 100 Resorts in Continental Europe'.

The deluxe venue in Andalucia was one of the biggest risers in the benchmark industry poll, rising nine places to eighth in

the latest standings after scoring 88.7 points out of 100 over five different categories—golf courses, accommodation, practice facilities, accessibility and amenities.

As well as completing a comprehensive upgrade of its greens last year, relaying them with a new, environmentally-friendly, type of Ultra Dwarf Bermuda grass, Finca Cortesin also undertook the renovation and reconstruction of all its bunkers using the renowned 'Better Billy Bunker' system.

The Top 100 judging panel remarked: 'Few other resorts in the list have implemented as

many changes and improvements in the two years since our first resorts ranking was published. These amendments have ensured the resort has stayed true to its designer Cabell Robinson's vision of creating a golf course where no hole has less than championship quality.'

# Saujana: The One Malaysian Challenge

When it comes to a really good challenging golf venue in Malaysia, Saujana Golf & Country Club immediately springs to mind. Established in 1986, its two international standard courses - the Palm and the Bunga Raya - have played host to many renowned events including the World Amateur Golf Team Championships (2002), several Malaysian Opens and the Maybank Championship.

The two celebrated courses are popularly known by their sobriquets: The Cobra (Palm) and The Crocodile (Bunga Raya). Their monikers are given

by respected journalists and players alike. Both the Cobra and the Crocodile are demanding and testing and their challenges are daunting. A game at either course will indeed be memorable.

By keeping up with the times, both courses have undergone continuous upgrades and renovations with the Palm Course (designed by the renowned Ronald Fream) being the latest to benefit. After a major upgrading exercise, the Palm has just been opened for play in October 2018.

The 18 holes par 72 Cobra now features larger and faster greens (TifEagle) and plays 7186 yards from the professional tees and

6739 yards from the blue.

Mature palm trees line and define the holes demanding every shot be true and accurate. Astute reading and putting of the undulating greens are a must.

Just as challenging is the 7034 yards (Black) Crocodile. Its wider fairways are protected by water in many of the holes. The Bunga Raya plays 37 strokes going out and 35 coming in.

At the end of the game, relax at the Golfers Terrace with a cool fruit drink or a cold beer & satisfy your hunger pangs with a wide selection of Malaysian fare.

## Work begins at Ryder Cup 2022 host venue Marco Simone Golf Club

The transformation of the Marco Simone Golf Club in Guidonia Montecelio, Rome – host venue to The 2022 Ryder Cup – is now underway with architects, engineers and agronomists starting work on the first phase of the project which will see the construction of a state of the art, purpose-built venue for Europe's next home Ryder Cup match. Led by European Golf Design and co-design with Tom Fazio II (son of the original architect of the Marco Simone Golf Club, Jim Fazio), the Roman site, controlled by the Biagiotti family, will undergo a complete overhaul with an entirely new golf course being built to stage golf's greatest team event in four years' time.

The vast infrastructural demands of the modern-day Ryder Cup will also see new roads, lakes, cart paths and irrigation systems incorporated into the redesign of the Marco Simone Golf Club to ensure the venue can accommodate the huge grandstands and hospitality structures required to accommodate the huge crowds in attendance at The 2022 Ryder Cup.

Marco Simone is an ambitious project created in the late 80's by fashion designer and entrepreneur Laura Biagiotti, with the aim of transforming 150 hectares of the Roman countryside into 27 spectacular golf holes surrounding Marco Simone castle, with its antique tower dating from the year 1000. The Golf Club is located 10.5 miles from the heart of Rome and offers numerous views

of the historic St. Peter's dome. Marco Simone hosted the Italian Open in 1994.

The entire project will be divided into four phases, with the golf course scheduled to be completed in spring 2020. The 2021 Italian Open will then be staged at Marco Simone before the Ryder Cup takes centre stage in September 2022. The four phases of the project will allow members and visitors to play on a course of 18 holes during all the works and enjoy the change of Marco Simone Golf into an iconic Ryder Cup course.
